Annual Statement of Compliance

I/We declare that we have complied in all respects with the TopAq and EPA requirements for use of irrigation water during the year covered by this declaration. I have listed below any exceptions to this compliance. In particular I/we have complied with the requirements for:

- Site is within the approved area
- Not exceeding the watering rates for each crop irrigated
- No addition to area irrigated without approval from TopAq
- No works or activities that have resulted in any changes to approved irrigation layout and drainage
- Occupational health and safety compliance
- Compliance with all methods of irrigation for particular crops and related precautions
- All necessary monitoring and reporting has been conducted
- Design and Layout of irrigation system is in compliance with EIP
- No visual evidence of salt patch or unexplained retarded growth

Compliance with Site EIP

Statement of compliance with Site EIP

I/We declare that we have complied in all respects with the EIS and EPA requirements for use of recycled water covered by this declaration. I/we have complied with the requirements for:

- Roles and Responsibilities
- Appropriate use of recycled water
- Selection of suitable site
- Water budgets and nutrient and salt balances
- Appropriate irrigation management
- Occupational health and safety requirements
- Monitoring, Reporting and Auditing

I/we have:

- Complied with this document and included all relevant attachments.
- Prepared an individual EIP with separate EPA approval
